

Sponsorship Proposal

Waiheke Pets Alert

Document classification: Commercial in confidence

Jurisdiction: New Zealand

Effective for sponsorship discussions unless superseded in writing.

1. Purpose

This proposal invites veterinary clinics and pet retail businesses on Waiheke Island to sponsor Waiheke Pets Alert, a community digital platform for lost-and-found pet alerts with mapping and structured reporting. Sponsorship aligns your brand with animal welfare and neighbourhood resilience at the moment owners are most motivated to act.

2. About Waiheke Pets Alert

Waiheke Pets Alert consolidates time-critical information that is often scattered across social feeds. Registered users can publish and browse alerts, improving visibility for missing pets and accelerating reunification with families.

3. Why sponsor

- Highly relevant audience: pet guardians actively engaged during distress events.
- Positive brand association: practical community benefit with transparent sponsorship labelling.
- Digital presence: logo, short descriptor, and authorised contact link placed according to tier.
- Local relevance: messaging anchored to Waiheke Island households and visitors.

4. Sponsorship tiers (1, 2, and 3)

Three visibility packages are offered. Tier allocation reflects placement prominence and optional messaging rights. Premier placements may be capacity-limited to preserve layout quality and user trust.

Tier 1 - Community Supporter

- Acknowledgement on the dedicated Sponsors section with small logo and organisation name.
- Single outbound link (website or preferred booking/contact URL).
- Standard rotation alongside other Tier 1 sponsors where applicable.

Tier 2 - Clinic Partner

- All Tier 1 benefits.
- Medium logo treatment on high-traffic surfaces agreed in writing (for example, feed or directory sidebar).
- One short seasonal message per calendar quarter (subject to editorial fit and compliance).

Tier 3 - Premier Sponsor

- All Tier 2 benefits.
- Premier placement (for example, persistent header strip or map-adjacent panel), subject to UX constraints.
- Priority scheduling for approved campaigns during mutually agreed windows.
- Named recognition in major release notes or community communications where issued.

5. Investment (NZD)

Fees are quoted in New Zealand dollars. Amounts exclude GST unless expressly stated otherwise; GST will be added where required under New Zealand tax rules.

Monthly option: NZD \$100 per month, invoiced monthly.

Annual option: NZD \$1,000 per year, invoiced annually (preferential rate versus twelve monthly instalments).

Your selected tier determines the visibility package; the monthly or annual cadence above determines billing frequency. Written confirmation (email or signed schedule) will record tier, placement summary, and invoicing details.

6. Compliance and brand use

- Sponsorship will be labelled clearly so users understand commercial support.
- No clinical claims are implied by placement; sponsors remain responsible for their own advertising standards.
- Logo and trademark use require supplied brand assets and adherence to your brand guidelines where provided.

7. Term and review

Initial term and renewal (monthly or annual) will be confirmed in the sponsorship schedule. Either party may terminate for material breach subject to notice periods stated in that schedule. Ordinary cancellation for convenience should be agreed in writing with a reasonable notice window.

8. Next steps

- Confirm preferred tier (1, 2, or 3) and billing cadence (monthly NZD \$100 or annual NZD \$1,000).
- Provide vector or high-resolution logo and authorised organisation descriptor.
- Supply invoicing details and, if required, a purchase order reference.
